15. Group Performance Review

	RM'000	RM'000	RM'000	%

Gross profit	53,030	51,192	1,838	3.6

Profit before tax	8,186	10,627	(2,441)	(23.0)

The Group recorded revenue of RM185.2 million, gross profit of RM53.0 million, profit before interest and tax of RM17.6 million and profit before tax of RM8.2 million for the current financial quarter ended 31 December 2024 ("4Q2024"). The 4Q2024 revenue is primarily contributed by container haulage of RM72.6 million and land transportation of RM59.1 million which represent 71.1% of our Group's revenue for 4Q2024. Other business segments, namely warehousing and container depot and freight forwarding business contributed RM33.8 million and RM19.6 million respectively for 4Q2024.

In comparison to the preceding year corresponding quarter i.e., 31 December 2023 ("4Q2023"), the Group's revenue has increased by RM11.5 million from RM173.6 million in 4Q2023 to RM185.2 million in 4Q2024, mainly contributed by increase in revenue in warehousing and container depot, container haulage and freight forwarding business segments, being offset with decrease in revenue in land transportation. The Group's gross profit has increased by RM1.8 million from RM51.2 million in 4Q2023 to RM53.0 million in 4Q2024 mainly due to the increase in gross profit in container haulage, warehousing and container depot and freight forwarding business segments, being offset with decrease in gross profit in land transportation.

The Group's profit before tax decreased by RM2.4 million, mainly due to non-business expenses, including RM1.1 million from share options granted under the ESOS program, which can be normalised on an annual basis. Additionally, the decrease of PBT is due to the bad debt reversal recorded in the preceding year of RM0.9 million, incurred higher overhead and finance costs in line with increased revenue.

The Group's revenue for the current quarter ("4Q2024") recorded at RM185.2 million is RM2.1 million higher than the immediate preceding quarter 30 June 2024 ("3Q2024") revenue. This is mainly contributed by the increase in revenue in warehousing and container depot and freight forwarding, being offset with decrease in revenue in land transportation.

The Group's recorded gross profit of RM 53.0 million is RM2.3 million higher than 3Q2024 mainly contributed by the increase in gross profit in warehousing and container depot and land transportation business segments.

The Group recorded a profit before tax of RM8.2 million. Excluding the RM1.1 million impact from share options granted under the ESOS program, the profit before tax would have been RM9.3 million, which is RM1.2 million higher than 3Q2024, mainly due to higher revenue.

17. Prospects for the Group for the next financial year

In alignment with Malaysia's robust trade performance in 2024, Swift continues to experience growing demand for our warehousing services. To support this growth, we have expanded our capacity by 387,000 sq. ft. through the acquisition of a warehouse in Penang and the construction of a facility in Westport, both of which are now fully occupied. We have also entered into a joint venture with JWD Asia Holding Pte. Ltd. to offer cold room and cold transportation solutions, with construction of the cold room targeted for completion by 1Q2026. Furthermore, our associate company, Global Vision Logistics Sdn Bhd, remains on track to complete the Shah Alam Logistics Yard by end 2025, adding 2.8 million sq. ft.

Swift's commitment to sustainability remains central to our operations. We continue to prioritize carbon emission reductions by constructing environmentally friendly, green-certified warehouses, operating electric vehicle (EV) trucks, and installing solar panels across our facilities. To further enhance our sustainability efforts, we are expanding our EV fleet. At the same time, we are progressing with the installation of solar panels on all remaining viable sites, reinforcing our commitment to sustainable energy solutions across our operations.

Despite potential challenges, we maintain a cautiously optimistic outlook for the next fiscal year. Our strategy remains focused on capturing growth opportunities while advancing our Environmental, Social, and Governance (ESG) agenda in alignment with Malaysia's sustainable development goals. We are closely monitoring key local and global factors that may impact the logistics industry, including tightening regulations in Malaysia and recent policy shifts in the United States. With our agility in adapting to regulatory changes and our commitment to innovation, we are confident in our ability to create lasting value for our shareholders, partners, and communities.
